SHORT TERM BONDS MEAN ECONOMY.

Where bonds must be issued for local improvements the short term serial form is best for adoption, in ordinary cases.

In view of the general lack of uniformity with reference to plans of issues and the laxity of the laws in this respect, it is encouraging to encounter a business like proposal such as is found in the plan of an issue contemplated for the Clovis High School, in Fresno county. The Clovis plan is to issue a total of $60,000 for principal and $16,500 for interest; a total of 76,500. Had the bonds been issued for the maximum fory-year term permitted by law, and one-fortieth retired each year, the interest would have amounted to $61,500, and the issue would have cost the taxpayers $121,500 instead of $76,500.

The short term serial bonds is better than any other kind. It is cheaper; and no sinking funds are liable to loss. Moreover, a ten year issue, such as the Clovis issue, will in all probability be entirely paid off before the usefulness of the building or other improvement has become materially impaired.

If bonds must be issued the short term serial illusrated by the Clovis proposal is certainly better than the long term serial; and it is infinitely better than any serial which is to be paid off in less han equal annual installments. Theoretically, the increased cost of postponing payment of the larger parto f the principal of a bond issue until the latter part o fthe erm will be offset by an increase in wealth and taxable value. Practically, however, as values increase on the assessment rolls more and new bonds are issued without any attempt to make the rate of increase in bonded debt correspond, even approximately, with the rate of in crease in wealth and taxable value. It is impossible too, to forsee the rate of increase in wealth or taxable value.

THE PEOPLE'S CASH BOOK

Gross receipts of the state government in 1911 were $17,882,091.37 and in 1916 they were $37,902,612.96 — an increase of $20,020,521.59, or 111.9 percent.

Gross payment by the state government were $18,020,555.39 in 1911 and $36,035,889.77 in 1916—an increase of $18,015.38, or 99.9 per cent.

Receipts of he counties, exclusive of San Francisco, rose from $41,345,925.99 in 1911 o $75,092,681.45 in 1916—an increase of $33,746, 755.46 or 81.6 per cent, while the gross payments by counties advanced from $36,272,598.02 in 1911 to $74,649,396.73 in 1916—an increase of $38,376,798.71, or 105 per cent.

California municipalities, including San Francisco, had gross receipts of $46,777,803.61 in 1911 and $68,305,640.66 in 1916—an increase of $21,527,837.05, or 46 per cent. Their gross payments in the same period advanced form $43,808,965.13 to $65,183,196.44—an increase of $21,374,231.31, or 48.7 per cent.

Nothing would be so calculated to give the kaiser a chill as to get in the way of an American draft.

It begins to look a bit like a peaceful United States of the world after the war, does it not?

SENATE BILL NO 1182.

Believing that Senate Bill No. 1182, which passed the legislature and is now before the Governor, is ill-advised, and that in operation it would let down the bars to many abuses, the Tax Payers' Association of California. through its Journal, has not hesitated to express its opinion.

The proposed law would permit any city or county to pay. out of its ordinary revenues or the proceeds of bond issues, to citizens who engage in the military or naval service of the United States, "or in any service allied thereto," such sum or sums as supervisors or city councils might deem necessary for their "proper support and maintenance" or for that of their legal dependents. Such payments would be in addition to all pay and allowances made by the national government. Any soldier or sailor, or any person in any service "allied to" the national defense, would be eligible to his government pay and as much as his city would pay, plus as much as his country would pay. Local politicians would find in this situation a fruitful field for the exercise of "pull" on behalf of their constituents.

The Taxpayers' Journal points out that, as drawn, the bill is sweeping and virtually without restrictions, and that it might easily lead to reckless extravagance. One point made is that "it puts a premium on 'local pride,' and it will not be at all surprising to see one city or county 'outbidding' another in it s generosity." The constitutionality of the measure is also brought ino quesion. The Journal urges hat proper provision should be made to assist the needy dependents of soldiers, and that it can be so made; but that the method proposed would lead to deplorable results. It adds:

"Now that the bill has been passed, it should not receive executive approval. While some might charge the governor with a lack of patriotism if he vetoes the bill, all straight-thinking and soundly patriotic people should give him a vote of thanks."

TO BE AN AMERICAN

It is greater and finer to be an American than it is to be an Englishman, a German, an Irishman, an Austrian, an Italian. The United States is dedicated to a higher duty and is fated for a more glorious destiny than any other nation has been, and we who are communicants in that rite are blessed indeed.

He who is not convinced of this transcendent truth is not yet American or he has become a backslider, for in the light of this faith it is not so hard to renounce early associations and European sentiment. Such renunciation is reprequisite to Americanism.

To be loyal to America should be easy. To be disloyal should be base.

Ab Adkins says every time he thinks Billy Sunday will go to heaven he is more content to remain a heathen.

A mechanical genius, according to our revised notion, is one who can keep a crooked stem pipe drawing freely.

Sometimes a great genius devotes his talent to making a living from a political pull, a most uncertain source.

FIVE GAME SERIES WITH MERCED PLANNED BY MGR. DIETRICH OF ELKS

"Why don't you give the Richmond fans a real fast game of baseball" said the Record-Herald man to Manager Otto Dietrich last evening.

"What would you suggest" asked Dietrich.

"Oh a game with the Merced Giants, they seem to be about the fastest semi-pro team outside of Richmond at the present time."

"What would you say to making it a five game series with Merced?" asked Dietrich.

"Fine."

And Dietrich is going about doing the preliminaryies necessary for the five game series with the crack Merced Giants which will mean some baseball.

BIFFS, BUNTS AND BOBBLES FROM ALL PARTS OF THE STATE BUSH LEAGUE

GOT 'EM ALL GOING.

Oakland scribes are beginning to realize that Richmond has pretty near got as fast a team as Oakland has.

Those sport writers sometimes get the Richmond Elks mixed up with the Boston Red Sox and the New York Giants—and usually forget to shove the box score in the bush column where it belongs. Richmond doesn't claim a professional team of ball players but does lay claim to the state bush pennant. Anyone who don't believe it—just send a challenge fo Mgr. Dietrich.

PLAYS NICE GAME.

It's too late. We put the wrong head on this squib. We were going to tell what a fine game Looie Sepulveda played with McCredie's Beavers yesterday against the Seals but on looking at the box score find that out of three trips to the plate he batted and ran naught, naught, naught.

IN COPPER LEAGUE.

Francois Hoss, former pitcher for the Angels and one of the fastest infielders in Coast League company two seasons ago is batting .343 in the Arizona Copper League and fields .320. Hoss is being sought by scouts for the Philadelphia Americans.

RECKLESS GUY.

Leslie Blankenship has no fear for what sporting writers of the valley say of the fast playing of the Merced Giants. Blank and his team go there next Sunday to do battle with that bunch of ball-tossers. We ain't saying much—but you can't shoot a guy for thinking of catastrophes.

HOLLIS TRIES NOT TO WASTE ANY OF DELIVERY

"Babe" Hollis, star twirler for the Elks has been reading a new magazine called "System." He has it all figured out as to the number of balls which he must pitch in an ordinary nine inning game and the number of strike-outs necessary and hits which can be allowed in order to win said game.

Hollis doesn't need an efficiency expert to watch his twirling.

So accurate and with such machine-like precision does he work that he tries not to waste a single ball.

Should Hollis work against the Chevrolet team Sunday, fans should watch the former Petaluman on the mound.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

DIAMOND NOTES

HALF AND HALF.

Past me they gallop at Memory's call,
Good one and bad ones and favorites all.

A FAN.

WAS THINKING.

The gink who wrote the above verse must have been thinking of Burns, Schinkle and Seaton. Some are making good—others doing just the opposite.

IT MUST BE TRUE.

PITTSBURG, May 17.—Tom Seaton is beginning to use his famous new delivery and curve ball. Tom has started on a winning streak which fans claim is due to the use of the new "spit" ball which he claims to have originated.

MIGHT COME IN HANDY.

We'd tell "Babe" Hollis how to use this new Seaton ball only we're afraid there might be a couple of coroner inquests.

FAST TEAM.

"Lots of "pep" to those Chevrolets who come here Sunday," says Manager Dietrich of the Elks in speaking of the coming battle.

"Say, they tell me this fellow 'Buz" or "Biz" Arlet, brother of the famous "Pop" who pitches for the Chevorlets is some twirler," ontinued Dietrich in his rambles. "Who's gona win Otto?" and the ocal baseball leader will end his talk with "nothing to it—the Elks got 'em a mile.

WITH THE ANGLERS

Large catches of red-tail perch are being made off the city wharf and Santa Fe piers.

Striped bass are running in big droves off Point Orient and along the Santa Fe fill between the west side tunnel and piers.

Rock-cod and barracuda are being caught in large numbers off Red Rock.

Smelt are commencing to run off the Ferry Point wharves.

A fine catch of black bass was made by a party of Oakland anglers off the Point Orient docks yesterday.

Using salmon eggs for bait, local anglers are finding the trout fishing in San Pablo and Wildcat creeks to be exceedingly good this year.

MYSTEIROUS PAINS AND ACHES

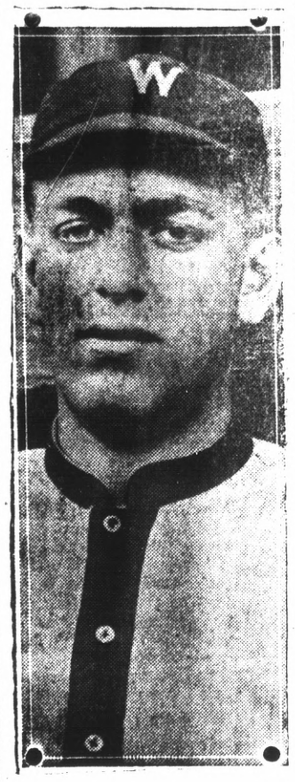

Make Life Hard to Bear For Many Richmond Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Richmond case.

Mrs. E. Hafer, 140 Eleventh St., Richmond, says: "I think being on on my feet too much and over-work is what brings on attacks of kidney complaint. When I have an attack, I get sharp pains in the small of my back and I feel miserable all over. I am tired all the time and very nervous. I get headaches and dizzy spells, also. I use Doan's Kidney Pills, at these times, procured from the Richmond Pharmacy, and they soon fix me up in fine shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hafer had. Foster-Milburn Co., Props., Buffalo, N. Y.

"THE BOTTLE IMP" AT THE RICHMOND

"This is what I call sport," said Sessue Hayakawa, the Lasky-Paramount Japanese star who will be seen at the Richmond T. & D. Theater today in the photodramatic version of Robert Louis Stevenson's famous story "The Bottle Imp." Mr. Hayakawa had just ridden in on a surf board on the beach at Waikiki, just out of Honolulu, and was sitting in the sand waiting for the director to call him for another scene.

"I wouldn't mind if they gave me pictures like this to do all the time. It is true we had quite a stormy voyage on the way over, but once here we certainly are having a great time. Yesterday we photographed some scenes of a fight under water in which I was one of the combatants, and the day before I had to do a jump from a high cliff, and of the two I think I prefer the under-water fight. You see I always have been a great swimmer even as a child in Japan and being in the water comes perfectly natural to me. In fact it was my love for swimming and diving that really brought me into motion picture work.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto intoxication which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.—Advt.

CELEBRATED PIANIST AT PANTAGES THIS WEEK

Thalero and his remarkable comedy circus, Zenaya, the celebrated pianist, son of the ex-president of Nicaragua and one of the greatest musicians of the age, "The Fe Mail Clerks," a dashing New York success, and a big bill of star vaudeville attractions are on the program for the week at the Pantages. The bill for the coming week is of more than usual interest throughout The Pantages, the only first class vaudeville house open in Oakland, was packed to the doors all week, and in every minute of the show the big crowds found something worth while—even more, — well worth while.

Next week will be no exception. First, there will be Estrellita. Estrellita is the most famous Spanish dancer in the world. Her appearance is of more than ordinary local interest because the picture of her that is famous the entire world over hange in the Piedmont art gallery. This is a wonderful portrait of the dancer painted by R. I. Partington. It has been copied all over the world and is perhaps the most famous of all the paintings in the gallery. She has also posed for Pinn Frolich, the sculptor.

Estrellita and her noted dancing partner Pagan will offer a remarkable collection of fantastic bits from sunny Spain.

Mark Adams will present his celebrated "Uneda Girls" and Billy McDermiott, the only man Nat Willis takes off his to, will give his famous "hobo" characterization. Harry Seydell, Reed and Hudson, Jed and Ethel Dooley, a smart little pair with a refreshingly novel act, and a big program of other attractions are also on the bill.
